# Guide des plis

## 2 Plis Roulés • 3 Volets

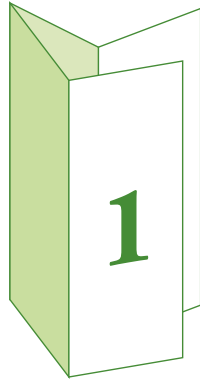

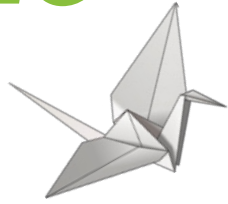

*La feuille est pliée deux fois.*

*Les deux premiers volets ont la même taille.  
Le dernier est plus court de 2 ou 3 mm.*

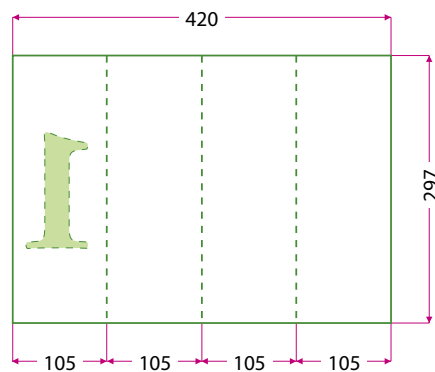

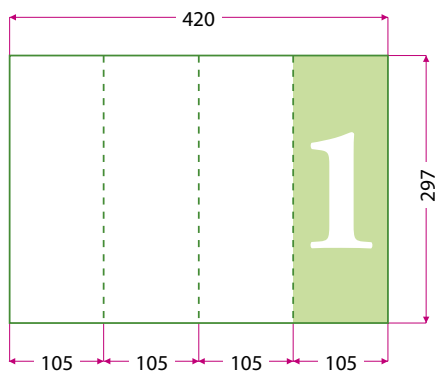

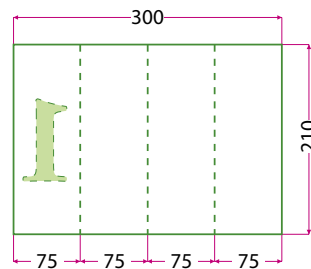

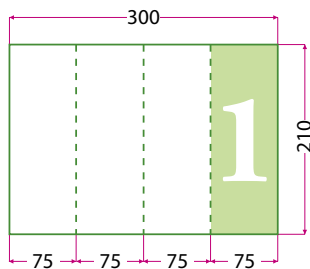

# Guide des plis

## 2 Plis Économiques • 4 Volets

La feuille est pliée en deux puis repliée une deuxième fois en deux. Ce pli est dit économique car avec seulement deux plis, on obtient quatre volets.

Tous les volets ont la même taille.
